Please confirm the following regarding acoustical treatments:

1. ACT-1 should be 2'-0" X 2'-0" Armstrong Cirrus 589 per Finish Legend A-602 in lieu of products listed in Specification 09 51 13, Paragraph 2.3.
2. Grid systems should be provided with manufacturers' standard hot-dipped galvanized coatings in lieu of galvanized coating designations listed in Specification 09 51 13, Paragraph 2.7. These are excluded by the manufacturer.
3. Sound-Absorbing Wall Units at Court can be provided as Conwed / Wall Technology, Respond IR208 acoustical fabric wall panel with Gilford 2100 fabric, with 2" thick fiberglass core, and with 1/8" molded fiberglass. See design criteria listed on A-511 through A-513 elevations.
